a) Commissions After the First Purchase

1. **Direct Bonus (15%)**
 - If you sponsor a new member, you receive 15% of their first purchase.
2. **Indirect Bonus (5%)**
 - If your recruit brings in someone new, you also receive 5% from that person's first purchase.
3. **Start Bonus (Total 35%)**
 - Career-level-based commission, paid to the first active higher-rank partners in the sponsor line.
 - Percentages by level: Supervisor 8%, Manager 7%, Leader 6%, Senior Leader 5%, Director 4%, Senior Director 3%, Vice President 1%, President 0.5%, World President 0.5%.
 - Each level is paid only once, always to the closest person of that level to the new recruit.
4. **Turbo Bonus (5–15%)**
 - Starting from your 3rd direct recruit, valid for 90 days.
 - Gradually increases: from 5% up to 15%.

👉 In total: Direct + Indirect + Start + Turbo bonuses can amount to a maximum of **35% of the first purchase**.

b) Commissions After Repeat Purchases

1. **Repeat Purchase Bonus (5% + 5% + 10%)**
 - Works with dynamic compression (inactive partners are skipped).
 - On a given line:
 - 5% from the first active partner's purchase,
 - 5% from the second active,
 - 10% from the third active.
 - This generates commissions every month from ongoing purchases.
-

c) Binary Commission

- Everyone has two legs: left and right.
- Requirements: personal activity + at least 1 active direct on each side.
- Commission is paid on the weaker leg's volume, between 10–12.5%.
- Carry-over: excess volume on the stronger leg rolls over to the next month.
- Only repeat purchases count (first purchase QP does not).

d) Global Leadership Pool

- A guaranteed **55% of net sales volume** is paid out as commissions.
 - The remaining part of the 55% goes into the global leadership pools (career levels 3–9).
 - Pools are distributed proportionally to volume, but each level has a maximum eligible volume to encourage rank advancement.
 - Example: Leader (10%), Senior Leader (10.5%), Director (11%) ... World President (12.5%).
 - Eligibility depends on monthly QP volume.
-
