

GenexMission – Frequently Asked Questions (FAQ)

1. Commissions and Payouts

1.1 When are commissions paid?

Commissions are paid by the 15th of each month if:

- You earned at least €20 that month,
- Or your balance reached €20 when combined with previous months,
- And you entered a valid IBAN bank account number (no spaces) in your profile.

1.2 What if I don't reach €20 in a month?

Your commissions roll over. Once your balance reaches €20, the payout will be sent in the next cycle.

1.3 Why didn't I get my commission?

Most common reasons:

- Wrong bank account details (not IBAN format, or spaces).
- Balance didn't reach €20 yet.
- Payment is in progress (after the 15th, international transfers may take 1–3 business days depending on your bank).

1.4 How can I check if my bank details are correct?

In your back office: Profile → Bank details. Make sure:

- It is in IBAN format,
- It has no spaces.

2. Orders, Modifications and Payments

2.1 Can I change an order after submitting?

No. Once an order is paid, it cannot be changed because invoices and commission points are already processed. If you want different products, please place a new order and pay for it separately.

2.2 What if my credit card payment fails?

- The order status will stay as "Pending."
- You need to retry payment from your back office, or pay by bank transfer if available.
- Products are shipped only after successful payment or after funds are received.

2.3 How can I pay by bank transfer and how much in USD?

Our product prices are listed in Euro. Please transfer the exact Euro amount. If your bank account is in another currency, your bank will convert it at their exchange rate. We have no influence on conversion rates – we only accept the exact Euro amount.

3. Registration and Partner Status

3.1 How do I register as a partner?

Your sponsor will send you a personal registration link, e.g.:

<https://genex-mission.com/username/registration>

After successful registration, you'll receive a confirmation email. Click the link in that email to confirm. You will first be placed in your sponsor's "tank." Before the month closes, your sponsor can place you in the structure. If not, the system will automatically place you in the first available spot 24 hours before closing.

3.2 What's the difference between a Customer and a Partner?

- Customer: can buy products (with or without 10% discount if using a customer link). Customers are not eligible for commissions.
- Partner: gets 20% discount, is eligible for commissions, and collects QP points from their own and team sales.

3.3 I accidentally registered as a Customer. Can I switch to Partner?

Yes. In your back office, you can switch to Partner with one click. You will then appear in your sponsor's tank and later be placed into the structure.

3.4 What is the minimum age to register as a Partner?

At least 18 years old and legally capable.
